

Venue

How to get to Radom.

The city of Radom is located in Central Poland, about 100 km south of Warsaw

The Congress will be held at the University of Technology and Humanities in Radom, at the Faculty of Mechanical Engineering

General Information

7th International Congress on Technical Diagnostics (7th ICTD) is scheduled from 9-11 September 2020 in Radom - POLAND. This congress will be held at Kazimierz Pulaski University of Technology and Humanities under the patronage of the Polish Society of Technical Diagnostics.

ICTD is an international refereed congress organized cyclically in Poland dedicated to the advancement of the theory and practices in technical diagnostics. The idea of the congress is to provide an international platform to all the world developers and researchers to share ideas and latest concepts on the diagnostics of machines, constructions, materials and industrial processes as well as maintenance of all kinds of technical facilities.

Congress will be the opportunity to take advantage of the digital transformation of mechanical engineering and connected technologies of the Fourth Industrial Revolution 4.0 our society will build on.
